*Studio MME is a fine art, pen and ink illustration business by illustrator Megan Eckman.*

*I'm a pen and ink artist who loves to make people smile with my work. My quirky drawings focus on childhood imaginings. The mostly black and white work pops with small bursts of colored ink, making each piece a visual joy to get up close and examine.*

*Each piece comes with its personal story on the back, allowing the owner a greater connection with the piece and to become a storyteller in their own right when guests come.*
